# How this started...

- During a game I asked “is yours bald?”
- The reply was “I don’t know”!

*Yes / No / Maybe*

I will only ask 3 questions...

Other Applications of Ternary Logic...

Setun Balanced Ternary Computer (Mosow State University 1958)

Some believe that Ternary Computing may make a comeback!

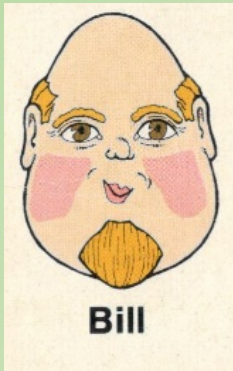

Any integer quantity up to 40 units can be measured with just these 4 weights:

**1**

**3**

**9**

**27**

**THIS IS BILL.**

**BILL SAYS "THANKS FOR LISTENING"!**

**BE LIKE BILL.**
